Using all 7 of your Scrabble tiles in a play is called a "BINGO" and gets you a 50-point bonus. The key to high scores is BINGOs, and you would be surprised how easy it is to find them.

Skilled Scrabble players will put aside common word endings and beginning, only have to unscramble 4-6 of their tiles.

For example if you have an E, an S and a T, you can make the -EST suffix, move those letters to the end of rack and only look at the remaining 4 letters.

Common suffixes are: -S, -ES, -ED, -LY, -ERS, -EST, -IER, -IES, -ING. Common prefixes are: DE-, OUT-, RE-, UN-.
